Navionics cannot guarantee that every Navionics chart product will perform with a specific chart plotter model. OEM software or hardware upgrade may be required to read new features. Information included in this table is subject to continuous updates. Please check our WebSite (<http://navionics.com/en/compatibility>) for the latest version. Starting from 2013, our products are programmed on chips of 2 GB or bigger size. Always make sure your plotter is compatible with 2GB or bigger chips.
