FRENCH COMPANY WATERSPORTS SPECIALIST

ROTOMOD is a French company, created in 1973 in Lot et Garonne, South-West of France. Over the years, which is also the main production site, has been established in the Agen agglomeration in Bon Encontre.

The main activity is the design, production and distribution of polyethylene canoes and kayaks. Part of the activity is dedicated to the production of various clients in the fields of agriculture, road and sea markings, food processing. The third area of the company is the creation and production of design furniture and lighting.

In 2007, **ROTOMOD** joined forces with **DAG**, another flagship company in the canoe-kayak industry in France and Europe. The brand from Ardèche joined the company in 2012, its factory became the second production site of **ROTOMOD**.

BONAVENTURE, QUÉBEC - WWW.CIMEAVENTURES.COM -
WWW.DYLANPAGEPHOTO.COM

MADE IN FRANCE

All of our canoes, kayaks and stand-up paddle boards made of polyethylene are produced exclusively in France.

Our two factories bring together 70 employees whose leitmotiv is the realization of quality boats.

ROTOMOD uses high-density polyethylene (HDPE), a material that combines resistance, exceptional durability, UV resistance & maintenance free.

With its brands **RTM** and **DAG**, **ROTOMOD** offers a wide range of boats and accessories that meet the needs of professionals, clubs, and paddlers, whatever their level and the location where they are sailing and paddling locations..

ROTOMOD.

ROTOMOLDING...

Our kayaks are manufactured according to the rotomolding technique, based on the rotary movement of the mold in a kiln. The plastic materials then gradually adapt to the shape of the mold. The kayak that comes out of the mold is then a single piece, without welding between the deck and the hull.

ROTOMOD IS COMMITTED TO AN ECO-RESPONSIBLE POLICY.

For the past 20 years, production surpluses have been sorted before being collected by specialized companies. In 2018, ROTOMOD integrates internally on the Bon Encontre site a shredder to manage the cutting and shredding of waste, scraps and end-of-life boats. The shredded material is then treated to create a regenerated polyethylene powder, allowing the production of new units in the water treatment, construction, agriculture and other fittings sector of the company's nautical sector.

ROTOMOD acquires in 2019 and 2020 the **LABEL MORE, Mobilize to REcycle**, demonstrating its commitment to the reprocessing of polyethylene and the integration of regenerated products in its production.

ROTOMOD offers the **RE-PE** program, **Recycled polyethylene** to collect free of charge from our customers and users, boats and other polyethylene parts at the end of their life. The objective is to relieve congestion at sites awaiting a solution and to ensure the recycling of these elements.

BUY A RTM/DAG KAYAK, CANOE, SUP

It means protecting **FRENCH KNOW-HOW**, recognized in nearly **82** countries.

It is to acquire a product designed and **MADE IN FRANCE**.

It is to follow **ROTOMOD**'s commitment to the circular economy and eco-responsability.

It's to follow **ROTOMOD** in the recycling of polyethylene.

HIRO ANGLER IMPULSE DRIVE

SINGLE-SEATER SIT ON TOP WITH PEDAL DRIVE SYSTEM

The **HIRO Impulse drive** is a kayak with a slim, stable, fast and ergonomic design, allowing hands-free fishing. Powered by the **Impulse Drive**, this proven system is lightweight. It moves forward and backward. Steering is provided by a wide rudder controlled by a joystick on the port side of the kayak. Its comfortable premium seat adjusts to the fisherman's size. The space in front of the seat features a large platform for fishing while standing.

LENGTH	362 cm / 12'
WIDTH	87 cm / 34"
DEPTH	40 cm / 15"
WEIGHT	42 kg / 105.8 lbs
CAPACITY MAX	180 kg / 396.8 lbs

- Drain plug
- 2 carry handles
- 4 scupper holes
- Rear storage with bungee
- 3 paddle holders with bungee (1 front + 2 lateral)
- Deckline
- 4 flush mount rod holders
- Adjustable rod holder
- 4 aluminum side rails
- Front storage space with hatch
- Rudder steerable with a joystick
- 2 automatic stoppers M
- IMPULSE DRIVE pedals
- Elegance asymmetrical double alu paddle
- HIRO premium chair

OPTIONS

- HIRO stainless steel trolley (P58)
- PFDs (P52 - 58)
- Automatic water stopper (P57)
- Dry bags (P55)

Stable, compact, easy to maneuver, the Hiro is at ease on any kind of flat water.

PACK ABACO 3.60

SINGLE-SEATER SIT ON TOP

The **ABACO 3.60** is a SINGLE-SEATER SIT ON TOP ideally suited for any type of fishing, for any type of body of water and for any type of fisherman. Its compact design makes it easy to store, transport and make it more maneuverable in navigation.

Its width of 76 cm gives an important stability, allowing the fishing in standing position in calm water.

The Abaco 360 is pre-fitted with cables to install a **RUDDER AS AN OPTION**.

LENGTH	360 cm / 11'8"
WIDTH	76 cm / 29.9"
DEPTH	30 cm / 11.8"
WEIGHT	32.5 kg / 72 lbs
CAPACITY MAX	170 kg / 375 lbs

- Carry handles
- Scupper holes
- Rear storage area with bungees
- Paddle holders with bungee
- Deckline
- Flush mount rod holders
- Adjustable rod holder
- Adjustable mixed footrests
- Aluminum side rails
- Rubber stowage nets
- Central storage with hatch
- Front storage space with hatch

BIG BANG VERSION

- Elegance asymmetrical double alu paddle
- Hi comfort seat

PREMIUM VERSION

- Elegance asymmetrical double fiber paddle
- Premium fishing chair

OPTIONS

- Trolley (P56)
- PFDs (P52 - 58)
- Automatic water stopper (P57)
- Dry bags (P55)

Compact, stable and fast, the Abaco 3.60 is a kayak for starting, progressing and blossoming in kayak fishing.

PACK ABACO 4.20

SINGLE-SEATER SIT ON TOP

The **ABACO** is equipped with features and developments designed for modern fishermen: predisposition to accept the electronics embedded, specific location for the transducer under the hull. The fast and powerful hull allows fast navigation to the fishing spots.

The **ABACO** is silent, it does not type in the chop. Its low height, coupled with its keel make this kayak drift slowly, even without a floating anchor. Its freeboard is low at the level of the seat, which facilitates the gripping of the fish.

The Abaco 420 is pre-fitted with cables to install a **RUDDER AS AN OPTION**.

LENGTH	420 cm / 13'8
WIDTH	72 cm / 28.3"
DEPTH	30 cm / 11.8"
WEIGHT	34 kg / 74 lbs
CAPACITY MAX	180 kg / 400 lbs

- Carry handles
- Scupper holes
- Rear storage area with bungees
- Paddle holders with bungee
- Deckline
- Flush mount rod holders
- Adjustable rod holder
- Adjustable mixed footrests
- Aluminum side rails
- Rubber stowage nets
- Central storage with hatch
- Front storage space with hatch

BIG BANG VERSION

- Elegance asymmetrical double alu paddle
- Hi comfort seat

PREMIUM VERSION Big Bang version +

- Elegance asymmetrical double fiber paddle
- Premium fishing chair

OPTIONS

- Trolley (P56)
- PFDs (P52 - 58)
- Automatic water stopper (P57)
- Dry bags (P55)

With its marine, silent and slippery hull, the Abaco 4.20 expresses itself in all conditions.

PACK RYTMO ANGLER

SINGLE-SEATER SIT ON TOP

The **RYTMO Angler** is a racy, long and stable kayak allowing quick access to spots fishing or even to roam the area for several hours without tiredness or weariness.

The **RYTMO Angler** is pre-fitted with cables to install a **RUDDER AS AN OPTION**.

LENGTH	460 cm / 15'1
WIDTH	72 cm / 28.3"
