# O'BRIEN®

CREATING THE BEST EXPERIENCES ON THE WATER

As the most recognized brand in watersports, we cherish every moment spent on the water, and we know that you do too. In 1964, we built our first waterski, and ever since then, it has been our mission to create products that offer the ultimate family fun on the water - allowing you to make the most of these precious moments. Our passion for watersports has revolutionized the industry not only with waterskis, but wakeboards, wakesurf boards, stand up paddleboards, tubes, and life jackets as well. We spend countless hours designing, testing, and perfecting each product to meet the demands of our athletes as well as their friends and families. Because of this, we are confident that you will love O'Brien products just as much as we do.

**Welcome to the O'Brien Family!**

# WAKESURFERS

# SURF TECH

## VECTOR NET

Provides a high level of break and buckle resistance while maintaining a natural and lively flex pattern.

## SOFT TOP

Soft, padded top surface and rails; minimizes chances of damaging the board, you or anything else.

## CRUISER

Smooth and easy ride for all day shredding.

## SurfCAP

Unique polymer shell that encapsulates the board for superior durability.

## BAMBOO VENEER

Adds strength and beauty.

## DIVINYCELL CORE

Superior strength-to-weight ratio enabling the use of a thinner core to minimize weight and enhance performance.

## HAND SHAPED EPOXY

Traditional surfboard construction utilizing a hand shaped, lightweight EPS core laminated with fiberglass cloth and epoxy resin.

## SKIM STYLE

Using smaller fins and a sharper rail, these boards have a loose, skatey feel on the water making it easier to complete surface spins and more skate inspired moves.

## SURF STYLE

Using larger fins and a rounder rail, these boards have a surf inspired feel with their flowy turns, powerful hacks, lightning speed, and ability to boost big airs.

## CARBON FIBER LAYUP

Aerospace grade carbon fiber fabric that provides a quantum jump in performance over traditional fiberglass with unmatched strength to weight ratios.

## CARBON STRIPS

Provides serious strength and responsiveness to the board.

## BUILT IN THE SUN

Proudly built in our 100% environmentally conscious solar powered factory!

# FXV3

SURF STYLE

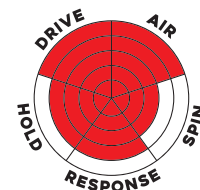

*Designed for:*

## AGGRESSIVE SURFERS LOOKING FOR A FAST, MODERN SURF STYLE SHAPE TO BOOST AIRS

The FX V3 is a high performance surfer with a modern surf style design. Featuring rounder rails than previous FXs, this rendition provides a more consistent, predictable ride that you'd expect from a traditional surf shape, while still enhancing maneuverability and effortless drive down the wave. Utilizing a winged rail and subtle concave base, the FX V3 delivers tons of speed and snappy transitions from rail to rail, which everyone seems to love. Its wide, squared off nose minimizes pearling (aka nose dives) and makes it easier to ride out of air reverses and shuvs. Finally, the FX V3 features a 5-fin option to dial in the performance and match your needs.

	FX-V3 54"	FX-V3 59"
LENGTH	137.16cm / 54"	149.86cm / 59"

### KEY FEATURES

Hand Shaped Epoxy, Carbon strips, Split EVA pad, Rounded diamond tail, 5 FCS Compatible Fin Boxes

HAZE<sup>V3</sup>

SURF STYLE

*Designed for:***SURFER DESIRING A WIDE, FLOATY BOARD TO CARVE AND CRUISE IN STYLE**

The Haze V3 generates an incredible amount of push and speed on any wave – making it the perfect board for effortless, smooth style. Whether you are just getting into riding or are ripping airs, this stable platform will give you the confidence to push your surfing further. With all the forward drive you'll generate from its thruster fin setup, the Haze V3 will have you racing down the line and taking to the skies with ease.

# HAVANA

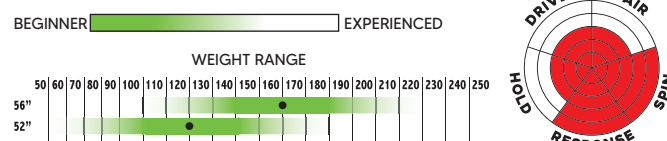

SKIM STYLE

*Designed for:*

**SKIM STYLE RIDERS WHO ARE READY TO  
ADVANCE THEIR TRICK LIST**

With its classic skim shape and tpu skinned base, the Havana pairs a performance-oriented, skim style ride with unrivaled fun on the wave. Its oversized pad, with built in arch support and kicktail, delivers exceptional control over the board and is ideal for learning new tricks like ollies and shuvits. From a performance, feature and value standpoint, the Havana is in a league of its own.

	HAVANA 52"	HAVANA 56"

# MICRO DUST

SKIM STYLE

*Designed for:*

## SMALLER RIDERS IN NEED OF A BOARD THAT WILL FUEL THEIR PROGRESSION

Blending characteristics from two of our favorite shapes, the Micro Dust is perfect for smaller rippers getting into wakesurfing and those dreaming about going pro. The thin profile and added tail width allow this lightweight skim style shape to generate tons of speed while maintaining stability. With multiple fin configurations, beginners can opt for three fins for more control and building confidence. Simultaneously, more advanced riders love the single fin for relentless progression and learning new tricks.

BEGINNER EXPERIENCED

# WAKE HOG

CRUISER SERIES

*Designed for:*  
**PERFECT FOR NEW SURFERS, YET PROVIDES  
 SOFT TOP FUN FOR EVERYONE**

Ride waves with ease and cruise with smooth, effortless style on the perfectly unimimidating Wake Hog. With its tip-to-tail and rail-to-rail ultra-grip foam top, this board feels amazing underfoot, delivers tons of control, and keeps the rider feeling safe on the water. As a thruster, it's stable, predictable, and perfect for learning to wakesurf. Yet, the fun truly begins when you start removing fins and open new realms of maneuverability and performance you'd never expect from a soft top.

# WAKEBOARDS

# BOARD TECH

## PARK PERFORMANCE ROCKER LINE

Park optimized rocker line that is a little flatter through the midsection for speed and glide, progressing to more curve towards the tips, amplifying ollies and presses

## 3-STAGE ROCKER

This rocker line is generally flatter between the bindings but dramatically angles upward towards the tip and tail. This explosive rocker line generates a more aggressive and vertical pop off the wake.

## PROGRESSIVE ROCKER

Similar to our Continuous Rocker but with more kicked up tip and tail, resulting in more vertical pop than a Continuous Rocker and more predictability than a 3-Stage.

## CONTINUOUS ROCKER

With an even curve from tip to tail, this balanced rocker line is extremely consistent, easy to control, and rolls up the wake for a smooth predictable pop.

## ABRUPT TRANSITIONAL FLEX

Medium flex pattern between bindings that softens significantly towards the tip and tail; enhances the board's snappy, fun performance on the water and rails while delivering a solid platform for hitting kickers

## SOFT TRANSITIONAL FLEX

Medium/Soft flex through the belly of the board smoothly tapers to our softest tip and tail flex; enhances the board's fun, buttery ride and effortless pressing

## VECTOR NET

Provides a high level of break and buckle resistance while maintaining a natural and lively flex pattern.

## CENTER SPINE

The V shape of the spine disperses water outwards upon impact resulting in softer landings.

## VARIABLE BEVELED EDGE

Rolled edges for a smoother, catch-free ride, sharpening at the tip and tail for more bite.

## GRAB RAIL

Channeling on top of the board that makes it easier to lock onto grabs; also makes the board easier to carry

## DELTA BASE TECHNOLOGY

"Chevron" shaped channels molded into the tip and tail of the board reduces drag for faster edging and a cleaner release off the wake.

## BUILT IN THE SUN

Proudly built in our 100% environmentally conscious solar powered factory!

## IMPACT BASE

Fully sintered high-density polyethylene base material that holds up to seasons of shredding rails, kickers, ledges, and whatever else you muster up.

## FUSION CORE

Two paulownia stringers sandwiched next to our Feather Core foam; 5 times more durable than traditional foam and enhances the board's snap and pop off kickers and the wake.

## FEATHER CORE

Feather Core reduces the board's swing weight for more midair control, while simultaneously maintaining its profile up the face of the wake for maximum pop.

## WOOD CORE

Paulownia wood core for minimum weight, maximum durability, and an organic feel. Our wood core ensures your board will withstand seasons of shredding.

## DURARAIL SIDEWALLS

Impact resistant urethane rail that runs around the entire edge of the board; protecting the core from any hazard you throw its way.

## CATCH FREE EDGE

Have fun buttering around the park and never get hung up on your favorite features.

## FOUR MOLDED-IN FINS

4 molded-in fins provide the perfect amount of hold on the water.

## FOUR REMOVABLE FINS

Have the freedom to truly customize your board's performance on the water

## REMOVABLE CENTER FINs

Additional tracking for riders who want more control on the water.

## PULLED-IN TIPS

Allows the board to transition faster edge-to-edge

## BUILT FOR KIDS

Durable board that is appropriately sized for kids making it easy to ride behind the boat and at the cable park.

## DUAL HYBRID RAIL CONSTRUCTION

Blends park and boat board characteristics for a stable platform under your feet and a durable, snappy tip and tail.

## TRIPLE CONCAVE TO CUPPED CENTER CHANNEL

Provides the effect of dual spines running through the board; dispersing some water out the sides but holding some in the center channel to keep the board from punching in on landings.

## WOOD CORE CONSTRUCTION

Printed Top Sheet

Our lightest, strongest fiberglass top layer

DuraRail board edges & fin insert reinforcements

100% Hardwood Core or Fusion Core

Our lightest, strongest fiberglass bottom wrap

Super durable sintered PTEX base

## FEATHER CORE CONSTRUCTION

Printed Top sheet

Super light fiberglass top layer

Reinforcement fiberglass layer

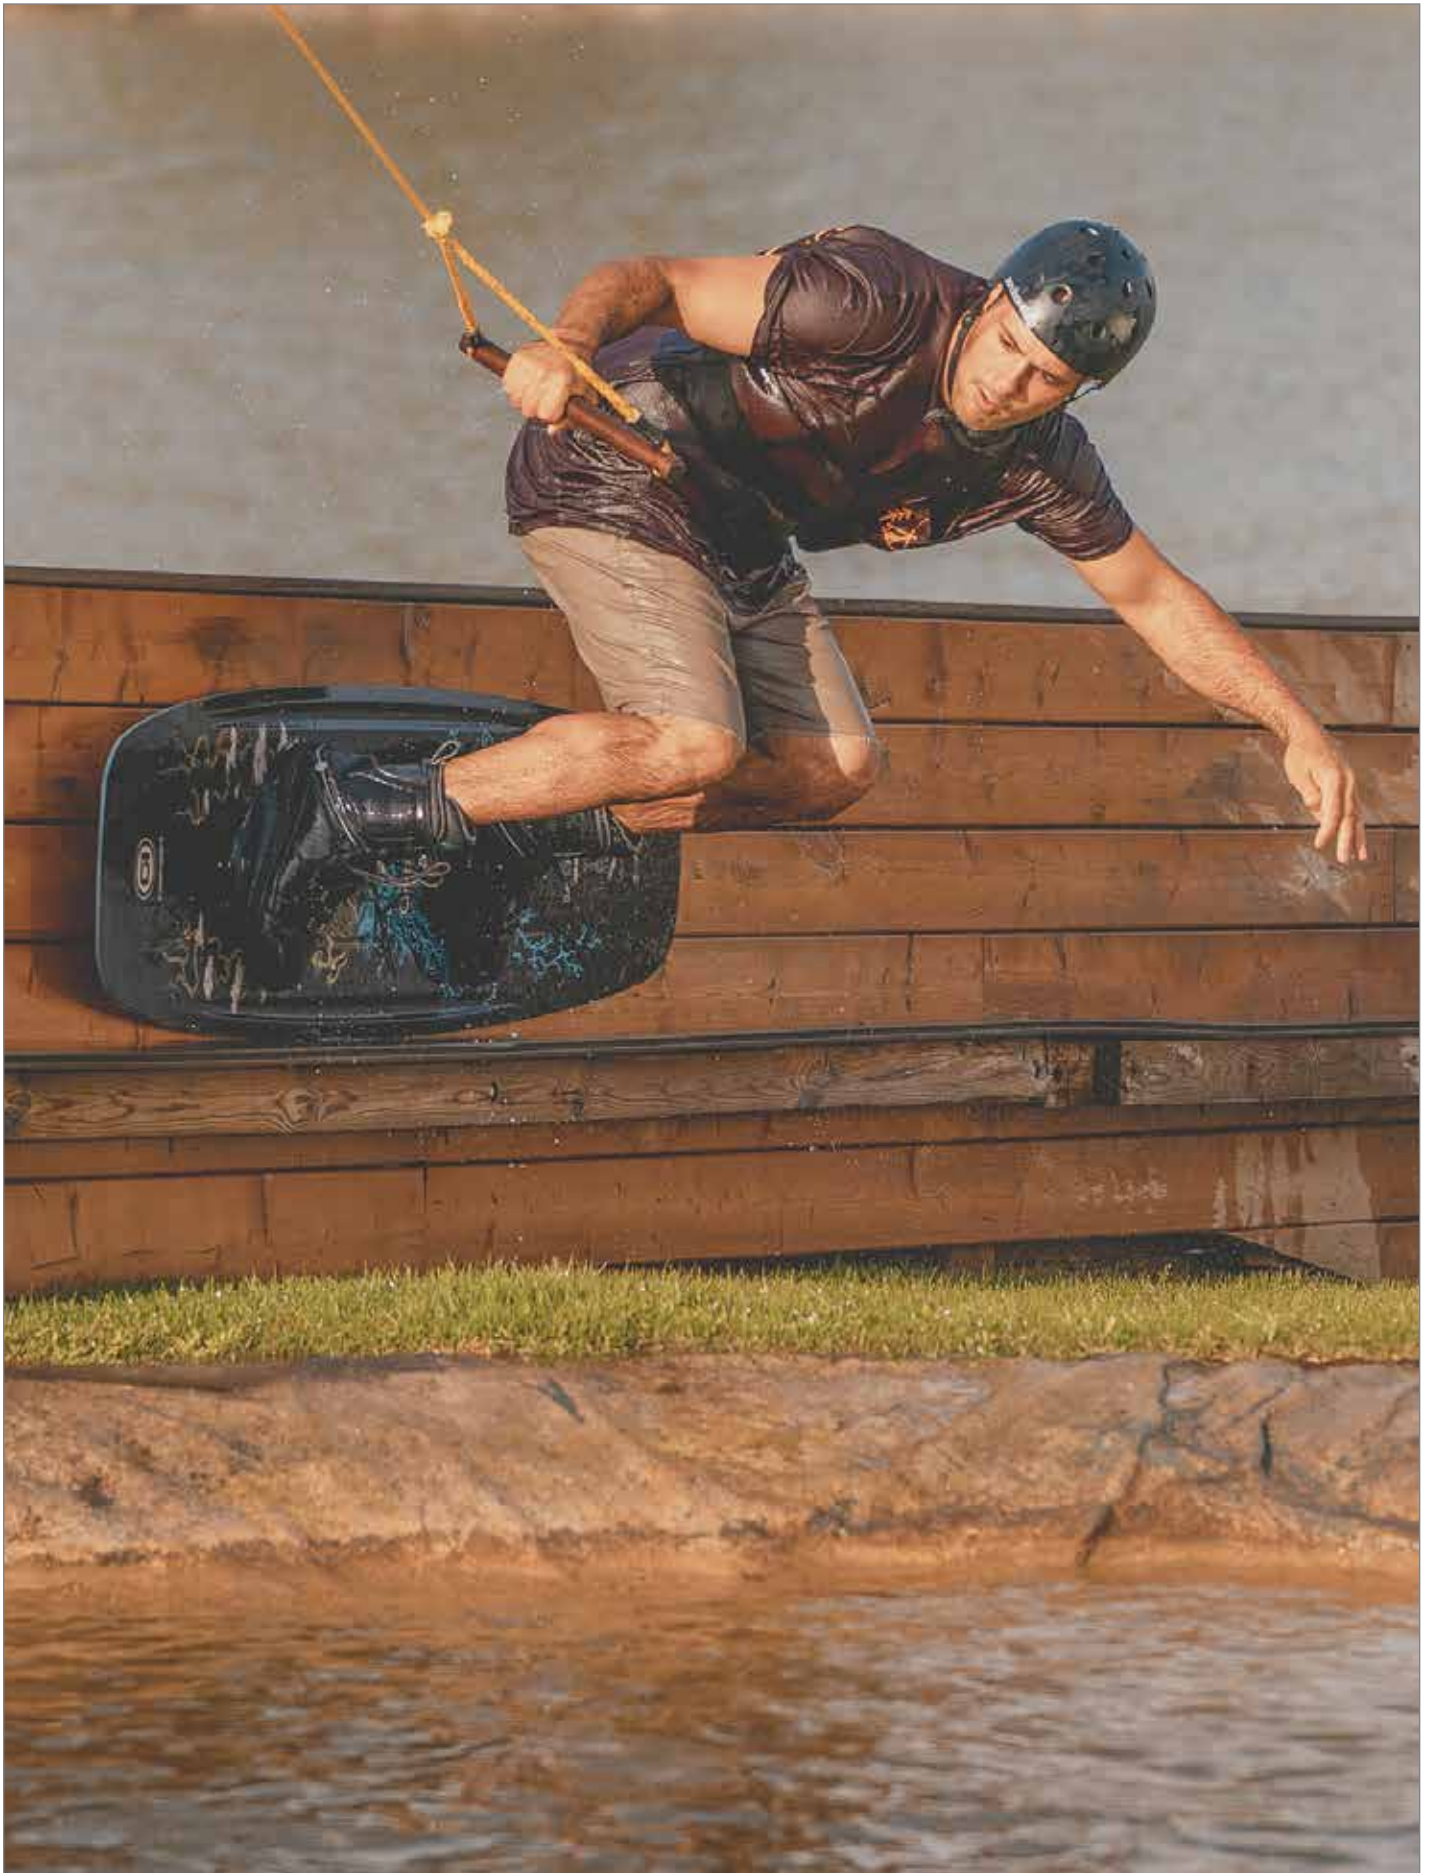

Feather Core - poured PU core

Super light fiberglass bottom wrap

Barrier Paper

Nexus bottom sheet

**D.Z.**

PRO MODEL / PARK SERIES

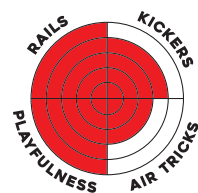

PRO MODEL // DARY ZNEBEL

*Designed for:*

**PARK RIDER DESIRING A PLAYFUL, SOFT BOARD FOR INSANE PERFORMANCE ON RAILS THAT WILL STILL HOLD UP TO GIANT TRANSFERS AND HEAVY KICKER LANDINGS**

With his unique approach to park riding, we knew that some modifications to the S.O.B needed to be made for Dary to ride at his full potential. Based off the S.O.B feel that we all know and love, the DZ almost feels like a continuation of the line but with a softer, flexier feel that enhances its playfulness and is insane for pressing and buttering around the park. Even though it is soft, the DZ is as strong as they come. Its all-wood core elevates the board's durability ensuring that it will hold up to big transfers and heavy kicker landings. To top it off, the DZ features a lifted, Catch Free edge for a loose, relaxed ride that is incredibly forgiving on the water and minimizes the chance of getting hung up on your favorite park feature.

# INTENT

SIGNATURE MODEL / BOAT SERIES

*Designed for:*

## BOAT RIDERS CRAVING AN INSANELY RESPONSIVE, HIGH PERFORMANCE BOARD THAT WILL SEND THEM TO THE MOON

The Intent is the epitome of a performance boat board. It's fast, insanely responsive, has the explosiveness of a rocketship, and lands softer than an astronaut doing jumping jacks on the moon. While riding flat, it's loose and lively but put it on edge, and a mind-warping connection between you and the board builds as it morphs into an all-out wake charging machine. From this feeling on the water to the explosiveness off the wake, the Intent is in a league of its own, capable of elevating everyone's perception of what's possible on a board.

# VALHALLA

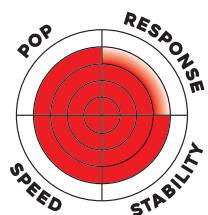

BOAT SERIES

*Designed for:*

**BEGINNER TO PRO RIDERS LOOKING  
FOR AN EASY RIDING BOARD FOR  
EFFORTLESS PROGRESSION**

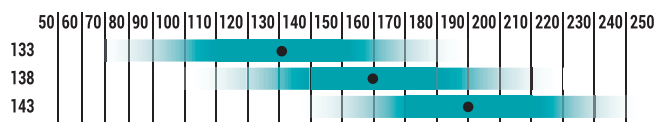

One of the most reliable and forgiving shapes on the market, the Valhalla is perfect for beginner and intermediate riders who rely on consistent, predictable performance to improve their riding. With that being said, some of the best riders in the world, including David O'Caoimh, rave about the Valhalla and have made it their go-to shape. Its Feather Core, tapered thickness profile, and molded fins give the Valhalla tons of control from edge to edge; making it an ultra-reliable board. Paired with a Progressive Rocker and Delta Base, the Valhalla generates a smooth, controlled pop off the wake; allowing the rider to maintain control in the air and build confidence in their riding.

### PROGRESSIVE ROCKER

Similar to our Continuous Rocker but with a more kicked up tip and tail, resulting in more vertical pop than a Continuous Rocker and more predictability than a 3-Stage

# HOOKEY

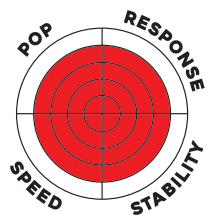

BOAT/PARK HYBRID

*Designed for:*

**SMALLER OR LIGHTER RIDERS LOOKING FOR SMOOTH PROGRESSION BEYOND THE EARLY STAGES OF EITHER PARK OR BOAT RIDING**

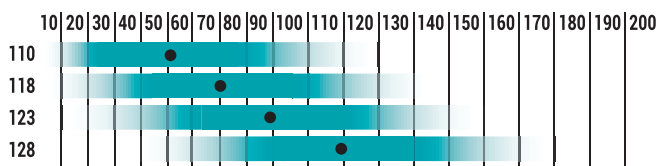

Behind the boat and in the park, there is no better board for young rippers than the Hooky. Designed specifically to enhance the performance of smaller/lighter riders, the Hooky uses its forgiving shape, reduced width and Feather Core for superior maneuverability and easy edging. Its Progressive Rocker gives the rider a nice kick off the wake giving them plenty of time to add more moves to their bag of tricks. With its Dual Hybrid Rail Construction and DuraRail tip and tail, the Hooky can also navigate your local cable park with ease. These features make the board extremely durable and capable of handling all of the abuse these riders put their equipment through.

## PROGRESSIVE ROCKER

Similar to our Continuous Rocker but with a more kicked up tip and tail, resulting in more vertical pop than a Continuous Rocker and more predictability than a 3-Stage

# CLUTCH

SIGNATURE MODEL / BOAT SERIES

*Designed for:*

**RIDERS DESIRING A STABLE RIDE WITH TONS OF CONTROL; SIMPLIFIES PROGRESSION FOR BEGINNERS, WHO WILL QUICKLY ADVANCE TO ENJOY THE BOARD'S EASILY GENERATED POP**

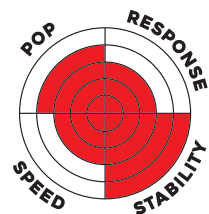

Cobe may have designed the Clutch years ago, but this timeless shape deserves a special place in our line. It has everything a pro rider needs (pay attention to what Mizuki is ripping on), but is truly ideal for beginner to intermediate riders looking for a predictable 3-stage board with explosive pop off the wake. Designed with 4 long molded fins as well as tracking channels, the Clutch provides a smooth ride with plenty of hold on the water. The variable beveled edge keeps the midsection of the board catch-free and tapers towards the tip and tail for added bite when edging. This easy to ride board is perfect for building fundamentals, improving confidence and enhancing progression.

## WAKEBOARDING HALL OF FAME LEGENDS AWARD

### COBE MIKACICH

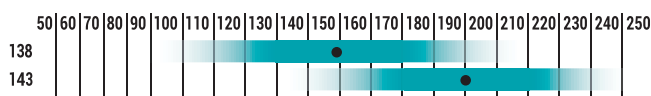

**HOMETOWN:** Sacramento, CA  
**HEIGHT:** 6' 1"  
**WEIGHT:** 200 lbs.  
**BOARD:** Clutch 143  
**BINDINGS:** Infuse  
**STANCE WIDTH:** 24"  
**LINE LENGTH:** 72 ft.  
**BOAT SPEED:** 22.2 mph

# SYSTEM

BOAT SERIES

*Designed for:*

**BEGINNERS LOOKING FOR A SMOOTH, CONSISTENT RIDING BOARD THAT WILL SIMPLIFY PROGRESSION IN THE EARLY STAGES OF RIDING**

The System offers performance at an affordable price. Its Continuous Rocker keeps the board stable on the water and predictable off the wake. The System also uses dual channels at the tip and tail and center mounted Attack Fins to ensure predictable tracking and easy edging. To top it off, its extra buoyant foam core makes getting up and out of the water as effortless as can be. These features make the System a great first board for anyone just getting into the sport or the perfect board to keep on your boat for any friends who want to try their hand at wakeboarding.

*\*Please note: Closed toe bindings fit by width, thickness and length. Open toe bindings fit by foot width and thickness, but not length. Therefore this chart should only be used as a general guide. We recommend that you try on before purchasing. Bindings will soften for a looser fit with use.*

## LASTED CONSTRUCTION

Mindfully shaped to match the contours of your feet.

## TRUE CONNECT TOEBOX

Snug fit throughout the toe box enhances your connection with the binding and the board to deliver heightened responsiveness and control on the water.

## POWER ARCH

Additional support under the arch minimizes the amount your foot rolls inward on hard landings; reducing stress on your knees and distributing energy throughout the binding.

## CANTED CHASSIS

Inward cant promotes a more natural alignment for your lower body to reduce stress/fatigue on the knees, ankles & feet so you feel more comfortable and can ride longer. Enhances lateral support to equalize pressure across the entire footbed.

## LUX CHASSIS

Our lightest, stiffest and most responsive chassis, the Lux's supremely low profile enhances your connection with the board, while it's extremely orthotic construction assures that your feet will be comfortable, even after the hardest of landings. Canted 2.5 degrees.

## NEO CHASSIS

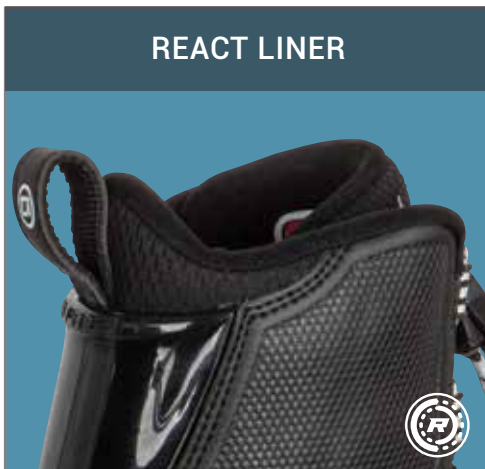

Both comfortable and ergonomic, the Neo chassis brings a level of performance that rivals many high end bindings on a platform that is both low to the board and simple to use.

## STRUCTURE LINER

3-D molded, lightweight, liner immerses your foot and ankle with superior comfort and control.

## REACT LINER

The fully lycra lined React liner integrates the heel liner with the boot overlay for incredible comfort and instantaneous control.

## DUAL LACE ZONES

Dual lace zones for pinpoint fit adjustment.

# GTX

CLOSED TOE

AVAILABLE SIZES: 6-8 / 8-10 / 9-11 / 11-13 / 12-14

## DETAILS

- **Closed Toe:** Closed toe design for a more precise, performance-oriented fit
- **Velcro Straps:** 3 Removable, reversible and replaceable low-profile Velcro straps for a secure and supportive fit
- **Forward-Flex Overlay:** Articulating overlay for improved flex
- **3-D TPU Rear Cuff Flex Panel**
- **Premium Structure 2.0 Liner:** 3-D molded, lightweight, liner immerses your foot and ankle with superior comfort and control
- **Integrated J-Bars:** Eliminate heel lift within the binding for greater control and helps support the ankle
- **True Connect Toe Box**
- **Dual Density Orthotic Footbed and Midsole**
- **LUX Chassis System**
  - High-Flow Drain System
  - 2.5 ° Inward Canted Chassis

# PADDLE BOARDS

# BURNSIDE CONSTRUCTION

## BAMBOO SHELL

Premium construction built for lightweight performance.

## ABS HARDSHELL

Insanely durable construction

## SOFT TOP

Soft, padded top surface and rails; minimizes chances of damaging the board, you or anything else

## INFLATABLE SUP

Safe, stable, lightweight, durable, and easy to store. You can't go wrong!

BOARD	LENGTH	VOL.	MAX. WEIGHT*
<b>Burnside</b>	11'2"	206	290 lbs
<b>Burnside</b>	10'6"	176	270 lbs
<b>Camano</b>	11'6"	241	310 lbs
<b>Camano</b>	10'6"	205	265 lbs
<b>Hydra</b>	11'	198	255 lbs
<b>Rio</b>	11'	292	380 lbs
<b>Hilo</b>	10'6"	269	350 lbs
<b>Kona</b>	10'6"	271	350 lbs
<b>LandShark</b>	10'6"	269	350 lbs

\* Maximum recommended rider weight for optimum performance and stability. While experienced paddlers can deviate from this chart, too much weight on a board will cause it to sink too far in the water, making it both unstable and significantly harder to paddle.

# BURNSIDE

BAMBOO SHELL

With a hull constructed of environmentally friendly bamboo and a build process focused on producing minimal waste, the Burnside represents a level above traditional epoxy SUP construction. Coming in at an incredibly light 27.5 lbs on the 11'2" model, the Burnside performs like a board much smaller in size while maintaining the stability of a large board.

	BURNSIDE 10'6"	BURNSIDE 11'2"
LENGTH	20.04cm / 126"	340.36cm / 134"
WIDTH	81.2cm / 32"	83.82cm / 33"

# PADDLES

SUP ACCESSORIES

Carbon Pro and Carbon Travel Paddle with 8" Bamboo Blade AVAILABLE IN 2PC. OR 3PC

Explorer and Explorer Travel Paddles - Aluminum Paddle with 8" Bamboo Blade AVAILABLE IN 2PC. OR 3PC.

Adventure and Adventure Travel Paddles - Aluminum Paddle with 7" Plastic Blade AVAILABLE IN 2PC. OR 3PC.

Jr. Adventure Paddle - Aluminum paddle with 7" Plastic Blade 51" to 67" adjustment range

Multi-Purpose Paddle - 4 PC. Aluminum Paddle with two 7" Plastic Blade Dual purpose for kayak and SUP

## SHAFT CONSTRUCTION

- **Carbon** - Ultimate in lightweight performance
- **Aluminum** - Light and highly durable
- **2-piece design** - Lighter weight, more performance oriented, and easy to adjust paddle length
- **3-piece design** - Easily adjustable paddle length and simple disassembly for transport and storage
- **Internal grooved shaft** - Eliminates twisting of shaft components so your handle never rotates and the paddle remains straight
- **Premium adjustment clamp** - Effortless adjustability and a two bolt design for strong clamping power

## BLADE CONSTRUCTION

- **Angled and contoured bamboo blade** - Durable, performance-oriented blade designed for smooth, efficient strokes
- **Angled and contoured plastic blade** - Highly durable blade designed for controlled strokes
- **7" blade width** - Allows the blade to travel quickly through the water and minimizes stress on the shoulders
- **8" blade width** - Allows for more powerful strokes

### ARSENAL SUP LIFE JACKET

- Short vest with large armholes for added mobility
- Single zippered pocket
- X-Sm / Sm (28" - 36" Chest)
- Med / Lg (36" - 44" Chest)
- XL / XXL (44" - 56" Chest)
- U.S. Coast Guard/Transport Canada Approved

### M-16 INFLATABLE BELT

- Pull the cord to inflate with the CO2 cartridge
- Minimalist design.
- Universal (30" - 52" Chest)
- U.S. Coast Guard/Transport Canada Approved

### ISUP ELECTRIC PUMP

- Pump will stop automatically when the SUP is fully inflated to selected psi setting
- Inflate SUPs and Drop-Stitch mats
- Adjustable from 1 to 20 psi
- Digital PSI gauge
- Alligator clips included for connecting to battery

### RAIL TAPE

Adheres to the sides of your SUP to help protect the rails from scratches and dings.

### SUP ANCHOR

Lightweight 1.5 lb anchor & 15 foot rope keeps your paddleboard or float from drifting. The anchor folds up & stores in the included bag.

### 10' SUP LEASH

- 10' Ankle Leash
- 8mm PU cord
- Double Swivel
- Neoprene strap
- Quick Release

### KANULOCK SUP TIE DOWNS

- Easy to lock buckles
- Cannot be cut by knife
- Less wind noise
- Easy to lock buckles secure your SUP to the rack on your vehicle

### SUP PAD SYSTEM

- Protect your board and your vehicle
- Durable, polyester-wrapped foam pads easily secure to roof racks with 5.5" - 8" circumference
- Hold in place with easy-to-use hook-and-loop closure tabs
- Each pack includes two pads

### PADDLEBOARD BAG

- Padded to protect your SUP
- Heavy duty construction
- Available in 11' and 12'

# SLALOM

## SKI TECH

**DUAL TUNNEL**  
Slices through rough water for a smooth, stable ride.

**WIDE BODY DESIGN**  
Stable design that makes light work of deep water starts.

**NARROW TUNNEL**  
Smoother ride and controlled turns.

**TRANSITIONAL TUNNEL**  
Narrow concave transitions out towards the edge for a stable ride and smooth turns

**RAPID RESPONSE TUNNEL**  
Performance concave tunnel for rapid edge to edge transitions and a stronger hold on turns.

BEGINNER  EXPERIENCED

The Pro Tour is the perfect entry level slalom ski for those who want to go out, carve around and have some fun on the water. Its smooth and stable performance stems from the dual tunnel design; making it one of the best skis for beginners to hop on and build their confidence.

**-Green available in 64" & 68", Aqua available in 58" & 64"**

**FLEX** Sport  
**FIN** Carve  
**BINDINGS** Z-9 (Jr Z-9 on 58")

**TUNNEL** Dual tunnel design  
**BEVELS** 45 Degree Bevel

## PRO SKIN

SIZES: XS / SM / MD / LG / XL / XXL

- Full-fingered design
- Amara construction provides wear resistance
- Pre-curved fingers for less fatigue
- Wide wrist strap holds glove secure
- Backhand tab assures a custom fit

## PRO SKIN 3/4

SIZES: XS / SM / MD / LG / XL / XXL

- 3/4 Finger cut
- Amara provides wear resistance
- Pre-curved fingers for less fatigue
- Wide wrist strap for a secure fit
- Backhand tab assures a custom fit

### GLOVE SIZING

#### Selecting the Correct Glove Size

Place your hand on a flat surface and measure the widest part of the hand as shown in the illustration (not including the thumb). If your hand is between sizes, go up to the next full size.

2XS - 2 1/2"

XS - 2 3/4"

S - 3 1/8"

M - 3 1/2"

L - 3 3/4"

XL - 4 1/8"

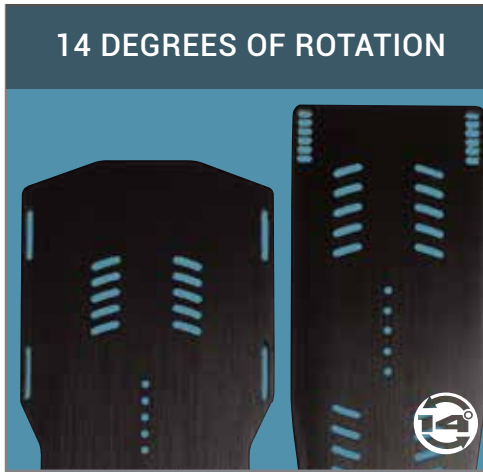

# SLALOM BINDINGS

## LASTED CONSTRUCTION

Mindfully shaped to match the contours of your feet.

## 14 DEGREES OF ROTATION

Precise adjustments for binding rotation and placement amplify the skier's comfort and performance.

## DUAL LACE SYSTEM

Pinpoint adjustments for the perfect amount of hold and support.

## POWER FLEX

Dual flex points allow the overlay to move with you; eliminating pressure points and heightening your connection with the binding.

## REACT LINER

The fully lycra lined React liner integrates the heel liner with the boot overlay for incredible comfort and instantaneous control.

## LOW PRO CHASSIS

Streamlined design for immediate control through turns, more leverage in the pull, quicker response times and highly sensitive feedback.

FRONT PLATE

REAR PLATE

## SIZECHART

**\*Please note:** Closed toe bindings fit by width, thickness and length. Open toe bindings fit by foot width and thickness, but not length. Therefore this chart should only be used as a general guide. We recommend that you try on before purchasing. Bindings will soften for a looser fit with use.

# ENCORE

Extreme comfort and precision performance right out of the box, the Encore features a completely new upper designed to provide solid support where needed while utilizing flow-thru mesh panels to eliminate bulk - resulting in a lightweight binding that easily adjusts to the contours of your feet for a superior fit and elevated control on the water.

**AVAILABLE SIZES:** 5-7 / 7-10 / 10-12 / 12-14

- **Open Toe:** Open toe design allows greater range of fit
- **Dual Lace Zones:** Pinpoint fit adjustment
- **UltraMesh Overlay:** Form fitting overlay with flow through drainage panels and PowerFlex Hinge Points
- **Neoprene Rear Cuff Flex Panel**
- **Strobel Lasted React Liner:** Lycra lined, molded toe and heel for greater comfort, adjustability and control
- **Integrated J-Bars:** Eliminate heel lift within the binding for greater control and helps support the ankle
- **EVA Vibration-Dampening Pad:** EVA pad under the plate reduces vibration for a smoother ride
- **Aluminum Plate:** Highest performance, light weight.  
\*Each binding comes with both front and rear plates included

# TITAN

The ultra lightweight Titan focuses on both fit and performance, presenting a great value in an all-around ski boot that provides all day comfort.

**AVAILABLE SIZES:** XS-SM (4-7) / MD-LG (8-12) / XL-XXL (10-14)

- **Open Toe:** Open toe design allows greater range of fit
- **Dual Lace Zones:** Pinpoint fit adjustment
- **UltraMesh Overlay:** Form fitting overlay with Power Flex Hinge Points
- **Neoprene Rear Cuff Flex Panel**
- **Integrated, Strobel Lasted Liner:** Lycra lined, molded toe and heel for greater comfort, adjustability and control
- **Integrated J-Bars:** Eliminate heel lift within the binding for greater control and helps support the ankle
- **Injection Molded Plate**

## LACE RTP

The Lace RTP offers built-in lateral stiffeners and lasted-style footwear construction.

**AVAILABLE SIZES:** XS/S 4-7 / M/L 7-12 / XL/XXL 10-14

## Z-9

If you need a binding that your whole family can share, but you still want stellar performance, look no further. The Z-9 features a lightweight chassis/plate combination to get your foot as close to the ski as possible while still feeling nice and comfortable on an EVA footbed. The lower cut of the binding makes for an easier release and greater flexibility. The front lace system allows for easy entry, is a cinch to snug up and offers a wide range of size adjustments; making it the perfect binding for the family.

**AVAILABLE SIZES:**

JR. Z-9 (2-7) / XS (4-7) / Standard (7-12) / XXL (12+)

## X-9 RTP

Soft dual layer overlay with EVA footbed

**AVAILABLE SIZE:** XS/MD (4-7) / STD (7-12)

**JUNIOR SIZE:** (2-7) (*Jr. Ski hole pattern only*)

# COMBO SKIS

## PERFORMER

If you have slalom and combo skiers in the same family, or you want to spend a lot of time on a slalom ski but still need a pair of combos to share with others, these are the skis for you. Built to be easy to get up on, but with features usually reserved for higher performance slalom skis, the Performers are the best of both worlds. Paired with the new Z-8 bindings, which utilize adjustable laces for a more secure fit and a fully padded footbed for premium comfort, the Performers have everything in place to enhance your overall experience on the water.

LENGTH	68" / 172cm
FIN	Nylon
BINDINGS	Z-8 Bindings
FOOT SIZE	MENS 7 - 13

## CELEBRITY

Our best-selling adult skis, the O'Brien Celebrities, make almost anyone, from newbies to experts, feel right at home on the water! With the easy adjustability and great fit of the X-7 bindings, you'll be skiing in no time. The heightened performance from the ski's side-cut bevel paired with the smooth, predictable control from its dual tunnel make the Celebrities the most versatile pair of combo skis in our line. Lots of surface area provides plenty of lift for exceptionally easy deep-water starts and a flatter, faster rocker line minimizes drag as well as fatigue. **Available in Flag or Blue**

LENGTH	68" / 172cm
FIN	Nylon
BINDINGS	X-7 Adj. Bindings
FOOT SIZE	MENS 4.5 - 13

## CELEBRITY 64

The Celebrity 64's have all the great features of our best-selling 68 inch Celebrities in a compact, more manageable size for lighter-weight skiers. Just 4 inches shorter and slightly narrower than the 68 inch Celebrities, they are the perfect pair for lighter skiers who want increased maneuverability, but with the ease-of-use the Celebrities have always been famous for. In particular, the size of the Celebrity 64's work great for women and teenage kids. A flatter, faster, rocker line reduces drag, minimizes fatigue and allows for easier skiing.

<b>LENGTH</b>	64" / 162cm
<b>FIN</b>	Nylon
<b>BINDINGS</b>	Jr. X-7 Adj. Bindings
<b>FOOT SIZE</b>	MENS 2-7

## CELEBRITY 58

With all the attributes that make the adult Celebrity Combos a best seller, the 58" Jr. Celebrities are the perfect size for preteen to early teenage skiers and lighter adults up to about 120 lbs. These shorter, lighter combo skis allow for better maneuverability and more fun on the water. They are the perfect way to introduce youngsters to the joys of waterskiing. Paired with our Jr. X-7 sliding adjustable binding, the skier's confidence will be soaring as they pop out of the water and start cruising around. In order to make deep water starts easier for beginners, the Jr. Celebrities are packaged with a removable stabilizer bar to help hold the skis in place.

<b>LENGTH</b>	58" / 147cm
<b>FIN</b>	Nylon
<b>BINDINGS</b>	Jr. X-7 Adj. Bindings
<b>FOOT SIZE</b>	MENS 2-7
<b>WEIGHT RANGE</b>	UP TO 120 lbs.

# REACTOR

The Reactor Combos may be our value-priced skis, but they are a true classic! Our most traditional pair of skis, the Reactors are a bit narrower overall, making them more maneuverable and responsive on the water. They are easy to get up on and with our dual tunnel design they deliver smooth, stable performance. Pinch-slide adjustable 700 series bindings make entry and exit a breeze. They may be inexpensive, but they're still O'Brien quality!

<b>LENGTH</b>	67" / 170cm
<b>FIN</b>	Nylon
<b>BINDINGS</b>	700 Adj.
<b>FOOT SIZE</b>	MENS 4.5 - 13

# VORTEX

The Vortex Combos are our "Big-Daddy" wide-body pair. These skis are designed for super easy deep-water starts and big, carving turns, at minimal effort. The extra surface area reduces drag and provides a huge amount of lift to get bigger skiers up on plane with ease. The large surface area also allows for skiing at a slower, more comfortable boat speed. A side benefit is it takes less horsepower to get Vortex skiers up, and these make an easy way to teach deep-water slalom starts.

**Available in Red or Blue.**

<b>LENGTH</b>	65.5" / 166cm
<b>FIN</b>	Nylon
<b>BINDINGS</b>	X-7 Adj. Bindings
<b>FOOT SIZE</b>	MENS 4.5 - 13

## JR. VORTEX

It may seem like an oxymoron, but the Jr. Vortex Combos are the compact version of the "Big Daddy" adult Vortex combos. These skis are perfect for getting pre-teen to early teenage skiers up and out of the water and skiing like legends! They work great for lighter adults, too. The 54" Jr. Vortex offers the extra surface area that works so well on the adult Vortex, but in a smaller, more maneuverable size for younger and lighter skiers.

<b>LENGTH</b>	54" / 137cm
<b>FIN</b>	Nylon
<b>BINDINGS</b>	Jr. X-7 Adj. Bindings
<b>FOOT SIZE</b>	MENS 2 - 7
<b>WEIGHT RANGE</b>	UP TO 140 lbs.

## PRO TRAC

The Pro Trac is the perfect entry into the world of trick skiing. Sold as combos, these skis are designed so beginners can quickly build their skills on two skis and transition to a single ski as soon as they feel comfortable. Each ski comes mounted with a front Z-9 binding for a secure fit that wraps perfectly around your foot and the X-7 rear toe plate. There is no need to make any changes if someone else skis with a different foot forward; just grab the other ski and you are good to go. Due to their ease of use and forgiving ride, the Pro Tracs have quickly become the most popular recreational trick skis ever made!

<b>LENGTH</b>	42" / 106.68cm
<b>BEVEL</b>	Tapered
<b>BINDING</b>	Z-9 / X-7
<b>FOOT SIZE</b>	MENS 7-13

### FEATURES:

<b>TAPERED BEVELS</b>	Creates lift for easy starts
<b>FULL LENGTH GROOVES</b>	Increases stability
<b>SYMMETRICAL ROCKER</b>	Helps prevent falls

## ALL STAR

When it's time to teach the kids to ski, the All-Star Trainers are the ultimate training tool! When you get a pair of All-Star Trainers, you are really getting a training system. These skis come with a stabilizer/trainer bar that prevents the skis from doing the "splits" and keeps them level. They also come with two ropes as part of the package; a short training rope and handle for the skier to hold that connects to the stabilizer bar at the front of the skis and a longer rope and handle to be held by an experienced observer in the boat. With this system, the observer can release the skier if they fall, taking the pressure off the kid. This system makes it incredibly easy to get them up and skiing with minimal drama. The All-Stars are the perfect system for making your kids into waterskiers!

<b>LENGTH</b>	46" / 117cm
<b>FIN</b>	Molded-in
<b>BINDINGS</b>	Jr. 700 Adj.
<b>WEIGHT RANGE</b>	Up to 85 lbs

### KEY FEATURES

Stabilizer bar, Trainer rope w/ handle, Dual tunnel

## WAKE STAR

Just like the All-Star Trainers, the Wake Star Trainers are really a teaching system, but in a more value-priced package. The Wake Star comes with two ropes as part of the package; a short training rope and handle for the skier to hold that connects to the stabilizer bar at the front of the skis and a longer rope and handle to be held by an experienced observer in the boat. With this system, the observer can release the skier if they fall; taking the pressure off the child. This system makes it incredibly easy to get them up and skiing. Supports a weight range up to 85 pounds with kid-sized adjustable bindings.

<b>LENGTH</b>	46" / 117cm
<b>FIN</b>	Trainer
<b>BINDINGS</b>	Jr. 700 Adj.
<b>WEIGHT RANGE</b>	Up to 85 lbs

### KEY FEATURES

Stabilizer bar, Trainer rope w/ handle, Bamboo Construction

## PLATFORM TRAINER

Thousands of kids learned to ski on platform-style skis back in the 50's, 60's, and 70's. Well, what worked so well back then still works great today! When it comes to getting a little skier started right there's no substitute for surface area and the O'Brien Platform Trainers have surface area in abundance. Constructed of eco-friendly bamboo, the Platform Trainers are the whole training package, complete with a trainer rope and handle for the little skier to hold onto, and another rope for the observer in the boat. Your kids will be skiing in no time on the O'Brien Platform Trainers!

<b>LENGTH</b>	46" / 117cm
<b>FIN</b>	Trainer
<b>BINDINGS</b>	EVA Overlay
<b>WEIGHT RANGE</b>	Up to 85 lbs

### KEY FEATURES

Trainer rope w/ handle, Bamboo Construction

## SIMPLE TRAINER

There are few joys in life that rival teaching your kids to ski. The inflatable Simple Trainer will get your child started the easy way in the sport you already love. It's soft, and cushy, and just plain friendly-looking. Additionally, the inflated seat gives your child a comfy perch to stand up from. The cozy stirrups are on an inflated floor that absorbs the wakes. It comes complete with two ropes, one for the child and one for an adult to hold onto from the boat. This trainer will plane off with virtually any movement (even pulling while running along the beach) and the max speed is a very rider-friendly 8 mph. When you're done using it, just let the air out and put it away. The Simple Trainer makes teaching the kids to ski nearly automatic. Simple!

<b>SIZE</b>	53" x 40" (Deflated)
<b>SEAT</b>	Softec surface
<b>WEIGHT RANGE</b>	Up to 85 lbs

### KEY FEATURES

Trainer rope w/ handle

DS

# BOARD TECH

## FUSION CORE

Two wood stringers sandwiched next to our Feather Core foam. 5 times more durable than traditional foam and enhances the board's snap and pop off the wake.

## DELTA BASE TECHNOLOGY

"Chevron" shaped channels molded into the tip and tail of the board reduces drag for faster edging and a cleaner release off the wake.

## IMPACT BASE

Fully sintered high-density polyethylene base material that holds up to seasons of shredding rails, kickers, ledges, and whatever else you muster up.

## FEATHER CORE

Feather Core reduces the board's swing weight for more midair control, while simultaneously maintaining its profile up the face of the wake for maximum pop.

## CINCH STRAP

With its 2:1 ratio, the Cinch Strap provides fluid adjustability and impeccable hold to meet the demands of elite athletes.

## DURARAIL SIDEWALLS

Impact resistant urethane rail that runs around the entire edge of the board; protecting the core from any hazard you throw its way.

## MOLDED IN FINS

Quad molded in fins.

## AQUA HOOK & HYDROHOOK

Hooks the handle to the board; making it easy for beginners to get up the first time and every time thereafter.

## RETRACTABLE FINS

Cable-actuated design that modifies the board's performance while riding; effortlessly shift from a locked-in to loose.

## PRO PAD

An EVA outer, memory foam core, and high-density foam base give this triple-density pad unmatched comfort, cushioning, lateral support, and impact dampening. Additionally, the pad allows for customized placement on the board and is easy to reposition to find the perfect ride unique to each athlete.

## BUILT IN THE SUN

Proudly built in our 100% environmentally conscious solar powered factory!

# ENFORCER

PARK SERIES

*Designed for:*

**RIDERS DESIRING UNRIVALED DURABILITY FOR CHARGING PARK FEATURES AND PUSHING THE BOUNDARIES OF WHAT CAN BE DONE ON THE WATER**

Built off our wildly successful Sozo, the Enforcer shares many of its qualities but has been configured as a no-compromise all-terrain beast. Featuring our signature Impact Base, Durarail sidewalls, and snappy Fusion Core - the Enforcer can take anything you can throw at it and come back for more. The more parallel edge profile and squared off tip and tail are dialed in for pressing rails, hitting kickers, and overall incredible performance on the water. The snappy, flexible deck softens landings, helps initiate turns, and lets the tips flex - giving you maximum pressability on the rails.

LENGTH	51.8"	TIP ROCKER	3.4"

SOZO  
PRO MODEL

USA WATER SKI HALL OF FAME  
AWARD OF MERIT

TED BEVELACQUA

**HOMETOWN:** Palm Beach, FL  
**HEIGHT:** 5' 6"  
**WEIGHT:** 170 lbs.  
**BOARD:** Sozo  
**LINE LENGTH:** 55'-60'  
**BOAT SPEED:** 19mph (Handle pass), 21mph (Flips/combo pass), & 24mph (Slalom)  
**FAVORITE TRICK:** Front Flip

*Designed for:*

**HARD CHARGING RIDERS DEMANDING A SNAPPY, RESPONSIVE RIDE WITH A SERIOUS KICK OFF THE WAKE**

The Sozo's clean, efficient shape initiates turns easily, edges up the wake with a clean release, and is very forgiving. O'Brien's Fusion Core is CNC machined to exacting specifications, giving the board a liveliness and lightness like no other. Sandwich Construction makes for the optimum flex pattern, storing energy and releasing it perfectly at the wake. The board is explosive, lightweight and unbelievably maneuverable. The Sozo pad is state-of-the-art, too. It is extremely, supportive, fully customizable, and softens landings like no pad ever seen.

## RICOCHET

PERFORMANCE SERIES

The Ricochet is the perfect transition board for anyone stepping up from a plastic, rotationally-molded kneeboard. Built with the same quality materials as our flagship boards, the Ricochet brings pro-level performance at a value price. The twin tip and V-Hull design pairs high-performance with easy riding comfort that you're sure to love. Compression molded construction coupled with a molded flex pad and a 3" padded strap deliver heightened responsiveness and a more secure fit. Comes with a molded-in hook to make training a breeze. It's the perfect entry to high-performance kneeboarding.

LENGTH	51.5"
WIDTH	22.3"
STRAP	3" padded, adjustable strap
TIP ROCKER	3.5"
TAIL ROCKER	1.55"

### KEY FEATURES

Feather Core, Dual Density EVA Pad, Molded-in hook with screw on top cap

## BLACK MAGIC

ROTOMOLDED SERIES

AQUATIC HOOK

RETRACTABLE FINS

Capable of doing it all, the Black Magic is the best "family" kneeboard on the market. Its famous cable-actuated retractable fin system and aquatic hook make the Black Magic the perfect board for successfully teaching kids and beginners the finer points of deep-water starts. Its size pairs well with adults and kids alike and its smooth bottom contouring delivers a super stable and extremely comfortable ride for all.

LENGTH	51.5"
WIDTH	22.3"
STRAP	3" padded, adjustable strap

### KEY FEATURES

Retractable fins, Roto-molded Hull, Dual Density EVA Pad, Aquatic Hook

# VOODOO

ROTOMOLDED SERIES

INTEGRATED AQUATIC HOOK

The VooDoo combines hard-charging runs at the wake with a forgiving ride. Quad molded fins at each corner provide extra tracking and the curved underside makes for quick and smooth edge transitions. The 3/4" thick pad provides plush comfort for your knees and ankles, while the 3-inch padded strap secures you for maximum control.

LENGTH	51.5"
WIDTH	22"
STRAP	3" padded, adjustable strap

## KEY FEATURES

Roto-molded Hull, 3/4" thick EVA Pad, Integrated Aquatic Hook, Variable beveled edge, Quad molded fins

# RADICA

ROTOMOLDED SERIES

INTEGRATED AQUATIC HOOK

We've blended wakeboard and waterski design elements into the Radica to bring levels of performance previously unheard of at this price. With wakeboard-style cupped quad molded fins, the Radica edges and carves like no other while still allowing the board to release for spins. Pulling tech from waterskis, the Radica utilizes a beveled edge to help the board sit lower in the water for added stability and quick edge-to-edge transitions.

LENGTH	49.7"
WIDTH	20.1"
STRAP	3" padded, adjustable strap

## KEY FEATURES

Roto-molded Hull, 3/4" thick EVA Pad, Integrated Aquatic Hook, Variable beveled edge, Quad molded fins

HYDROSLIDE

## PRO XLT

ROTOMOLDED SERIES

Our proven parabolic shape is back, better than ever in the updated Pro-XLT. The new, integrated HydroHook allows the rider to get up quickly with little effort while the added retractable fin system allows you to adjust the ride on the fly – extend the fins for more control when charging the wake – or with a quick slide of the lever retract them for easier spins.

LENGTH	51.75"
WIDTH	21"
STRAP	3" padded Shock Strap

## KEY FEATURES

- Shift-on-the-fly dual retractable fins
- Parabolic twin-tip design
- Dual layer EVA pad with deep knee wells
- Patented thin profile
- HydroHook

HYDROSLIDE

## PHANTOM

ROTOMOLDED SERIES

The Hydroslide tip shaped, thin-profile kneeboard that gives the rider an experience hotter than the board's graphics. Deep knee wells and a 3" padded strap keep the rider in control and ready for the biggest maneuvers. The Phantom also features the HydroHook to help beginners get up and riding easily and molded-in fins for precision tracking.

LENGTH	52.25"
WIDTH	21"
STRAP	3" padded Strap

## KEY FEATURES

- Parabolic twin-tip design
- EVA pad with deep knee wells
- Patented thin profile
- Molded-in fins
- HydroHook

HYDROSLIDE

## REVOLUTION

ROTOMOLDED SERIES

The Revolution features a classic spoon shape that gives it a smooth, easy ride with quick edge-to-edge transitions - without sacrificing any pop off the wake. Its thin-profile design not only looks great but it also delivers the performance found with more expensive boards. The HydroHook also makes the Revolution incredibly easy for beginners to get up on; making it a great board for everyone in the boat.

<b>LENGTH</b>	52.5"
<b>WIDTH</b>	20.5"
<b>STRAP</b>	3" padded Strap

## SOFTEC

An industry-exclusive fabric that feels incredibly soft on your skin and eliminates the need for neoprene pads on tubes. This soft-touch nylon material covers the tube's entire riding surface to eradicate unnecessary seams and any discomfort they may cause. Upgrade your experience and enjoy tubing like you never have before.

## SOFTEC ULTRA

The softest, most luxurious riding surface ever created for tubes! This smooth, skin-friendly material eliminates the dreaded tube rash caused by traditional covers, so everyone can have a blast ripping around the lake all day long. Treat yourself to the best thing that has ever happened to tubing!

## TWO WAY TOWING

With a Quick Connect attachment on both the front and the rear of the tube, easily change tow points and enjoy riding your tube in a completely different way. It's like having two tubes in one.

**ALL TUBES HAVE ONE YEAR LIMITED WARRANTY**

- Premium 5" drop stitch construction
- Double reinforced seams
- Comfortable, non-slip deck pad
- Inflates to a rigid platform
- 6 tie-off D-rings
- Integrated handles
- Dual-action pump and storage bag included

Take your yoga practice to the next level on the water! Our Lotus Yoga Float helps you unwind while you breathe fresh air and feel the water beneath you. Floating on the water adds elements of freedom and instability to your workout; providing better engagement of your core as well as instantaneous feedback on technique. Too much weight on one side during a pose will cause the mat to tilt; letting you know to correct your body position. Your movements will slow down, your poses will be more precise, and you'll enhance your connection with nature and your body; all while developing mindfulness, focus, and balance.

# WATER CARPET

## FOAM SERIES

Make your time on the water even more memorable with the O'Brien Water Carpet. Whether you're running, jumping or just lounging in the sun, the Water Carpet provides countless hours of fun. With its soft, 3-ply polyethylene construction, this float is perfect for playing on and it never requires inflating. When you are all worn out from having too much fun, just roll it up and secure the Water Carpet with the included nylon straps for easy storage.

**SIZE:** 18' x 6' x 1.25"

- Holds up to 6 people
- Includes one grommet with an attachment loop for securing the mat to an anchor bag or drift anchor
- Conveniently rolls up for storage after use
- 3 Layer foam. Density: Firm/Soft/Firm
- One-year limited warranty

Available in Green or Blue

SIDE VIEW

### HOW TO MEASURE FOR FIT

When choosing a life jacket, follow the manufacturer's sizing recommendations; life jackets are sized by chest circumference. It should be snug, like a glove, yet flexible enough to go through multiple motions for your particular water activity.

## MEN'S RECON

- New cut designed with a longer torso
- Split back panel for a more accommodating fit
- Neoprene outer front panels for comfortable fit
- Zip closure and 2 concealed, adjustable belts for security
- Multiple hinge points for maneuverability
- PWC ring
- Available in Red or Grey
- U.S. Coast Guard/Transport Canada Approved

**SIZES\*:** SM / M / LG / XL / 2XL

\* Recon life jacket runs large. O'Brien recommends you go down one size.

BACK

- **9" wide T6-6061 aluminum core frame:** Precision extruded for high strength, low weight
- **Roll-Stop End Caps:** Reduces handle roll and enhances control
- **EVA floats:** 3 EVA floats on mainline
- **25' total length:** 13' mainline (including handle), two standard 4' removable sections and one 4' multi-loop section for fine tuning rope length
- **Available colors:** Rasta or Aqua

## KNEEBOARD ROPE AND HANDLE

### DETAILS

- **Aqua-Hook Bar:** Designed for use with Aqua-Hook and Hydro-Hook equipped kneeboards. The smaller bar forward of the grip allows the handle to be easily hooked on the board while keeping the main part of the handle closer to the rider.
- **Brick Design EVA Grip:** Tacky and easy to hold floating handle
- **15" wide T6-6061 aluminum core frame:** Precision extruded for high strength, low weight
- **Roll-Stop End Caps:** Reduces handle roll and enhances control
- **Line:** 12-strand, 40 filament PE rope
- **Adjustable line lengths (Including handle):** 55', 70'

## PRO HANDLE W/ 10-SECTION MAINLINE

### DETAILS

- **USA Waterski approved Pro Waterski handle:** 13" wide x 1.08" diameter 1/4" Polypro bridle
- **Ultimate rubber grip:** Extreme durability and grip
- **T6-6061 aluminum core frame:** Precision extruded for high strength, low weight
- **Roll-Stop End Caps:** Reduces handle roll and enhances control
- **4-rope construction:** Provides extremely durable braid
- **USA Waterski sanctioned mainline:** 10-section 75' Pro Waterski mainline
- **Color coded detachable sections:** For easy identification when shortening line lengths

## 8-SECTION SKI COMBO

### DETAILS

Value-priced hard core ski rope

- **1.08" diameter ultimate rubber grip:** Extreme durability and grip
- **12" wide T6-6061 aluminum core frame:** Precision extruded for high strength, low weight
- **Molded PVC end caps:** Soft, flexible, lightweight and durable
- **Line:** Top quality 12-strand, 40 filament PE rope
- **Adjustable line lengths (Including handle):** 35', 37', 40', 43', 47', 53', 60', 75'

## 5-SECTION COMBO

### DETAILS

Perfect do-it-all rope with lots of versatility

- **1.08" diameter ultimate rubber grip:** Extreme durability and grip
- **12" wide T6-6061 aluminum core frame:** Precision extruded for high strength, low weight
- **Molded PVC end caps:** Soft, flexible, lightweight and durable
- **Line:** 12-strand, 40 filament PE rope
- **Adjustable line lengths (Including handle):** 43', 47', 53', 60', 75'

## 2-SECTION COMBO

### DETAILS

Great all-purpose rope for those getting into water sports

- **Brick Design EVA Grip:** Tacky and easy to hold floating handle
- **12" wide T6-6061 aluminum core frame:** Precision extruded for high strength, low weight
- **Molded PVC end caps:** Soft, flexible, lightweight and durable
- **Line:** 12-strand, 40 filament PE rope
- **Adjustable line lengths:** 47', 75' (Including handle)

## 1-SECTION DEEP-V COMBO

### DETAILS

Perfect rope for anyone learning deep-water slalom starts. Place ski in the DEEP-V bridle section and let it keep the ski straight.

- **12" wide aluminum-core handle:** Brick design EVA grip on a 5' detachable bridle section
- **Deep-V Bridle:** Vinyl coated to protect the rope, this bridle also features a crossbar to help keep the ski tip in position for easy deep water starts
- **Line:** 12-strand, 40 filament PE rope
- **Line Length:** 75' (Including handle)

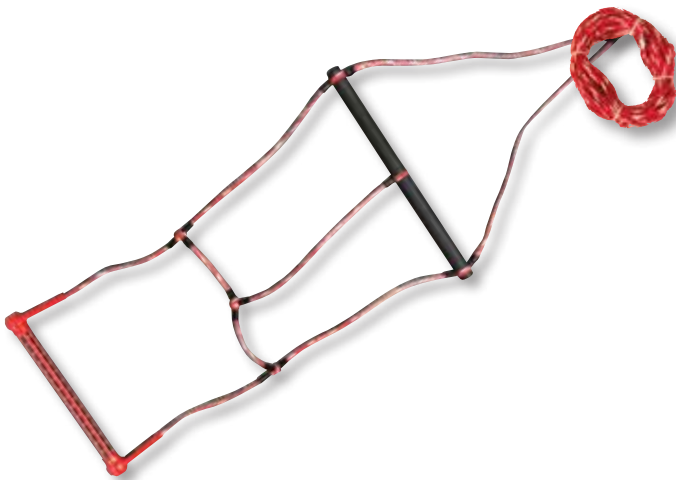

## 1-SECTION COMBO

### DETAILS

A great option for those that don't need to change line lengths

- **Brick Design EVA Grip::** Tacky and easy to hold floating handle
- **12" wide T6-6061 aluminum core frame:** Precision extruded for high strength, low weight
- **Molded PVC end caps:** Soft, flexible, lightweight and durable
- **Line:** 12-strand, 40 filament PE rope
- **Available colors:** Silver or Blue
- **Line Length:** 75' (Including handle)

## COMBO TRAINER ROPE

### DETAILS

Perfect tool for teaching adults and kids to get up on combo skis

- **Trainer handle with crossbar:** Keeps both skis parallel while being pulled out of the water. Crossbar slides off skis as soon as the skier is up and riding
- **Vinyl coated bridle:** Protects the rope from ski abrasion
- **Line:** 12-strand, 40 filament PE rope

## T-BAR

### DETAILS

- Comfortable rubber grip.
- PE Jacketed Spectra
- Includes a reversible section, allowing the T-bar to sit at 28 or 30 inches.

\*Cannot be added to the Method handle or Poly-E

## PONTOON BRIDLE

Rope attachment tool for boats without a ski pylon or tower. Helps achieve a consistent, balanced pull from the boat.

### DETAILS

- **High-impact plastic pulley system:** Easily attaches to the ski rope
- **Snap hooks:** Quickly attach to existing boat hardware
- **Max. pulling weight:** 1,800 lbs
- **Available sizes:** 12' or 16' size for pontoon boats

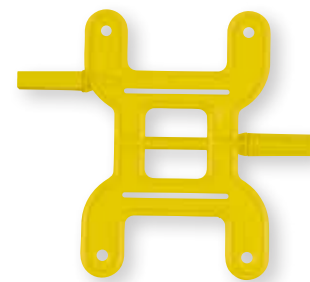

## 8' SKI TOW HARNESS

Rope attachment tool for boats without a tow pylon, center towing hook or tower (Older I/O's, outboards and pontoon boats). Connect mainline to a centered snap hook to give the rider an equal pull behind the boat.

### DETAILS

- **Width:** 8' wide
- **Snap hooks:** Two high-strength snap hooks
- **Vinyl float:** Helps keep the rope out of the propeller
- **Line:** 12 strand, 84 filament polypropylene rope

## LINE WINDER

### DETAILS

- Fast Rope Retrieval
- Holds up to 100 feet of Rope

## 2-PERSON TUBE ROPE

Perfect tube rope for 1 or 2 person tubes.

### DETAILS

- **Max. total rider weight:** 340 lbs or 2 riders
- **Rope length:** 60'
- **Average break strength:** 2,375 lbs
- **Available colors:** Cyan or Yellow

## 4-PERSON TUBE ROPE

Our most popular tube rope.

### DETAILS

- **Max. total rider weight:** 680 lbs or 4 riders
- **Rope length:** 60'
- **Average break strength:** 4,100 lbs
- **Available colors:** Cyan or Yellow

## 6-PERSON TUBE ROPE

Perfect rope for the big tubes.

### DETAILS

- **Max. total rider weight:** 1,020 lbs or 6 riders
- **Rope length:** 60'
- **Average break strength:** 6,100 lbs
- **Available colors:** Cyan or Yellow

## 2-SECTION FLOATING COMBO

Great all-purpose floating rope for those getting into water sports.

### DETAILS

- **Brick Design EVA Grip:** Tacky and easy to hold floating handle
- **12" wide T6-6061 aluminum core frame:** Precision extruded for high strength, low weight
- **Molded PVC end caps:** Soft, flexible, light weight and durable
- **Line:** 12-strand, 40 filament PE rope
- **Adjustable line lengths:** 47', 75' (Including handle)

## 1-SECTION FLOATING DEEP-V COMBO

Perfect floating rope for anyone learning deep-water slalom starts. Place ski in the DEEP-V bridle section and let it keep the ski straight.

### DETAILS

• 12' SIZE 6' X 12' X 4" #2183306

• 10' SIZE 5' X 10' X 4" #2193307

This heavy-duty, inflatable island is the perfect spot for you and some friends to relax and lounge in the sun. Just pump it up with the included dual-action pump and enjoy your time on the water.

- Inflates to a rigid platform
- Premium 4" drop stitch technology
- Double reinforced seams
- Integrated carrying handles
- Quicklink D-ring every 2 feet
- Storage bag included
- Dual-action sup pump included

## MARGARITAVILLE

### 1 PERSON PE POOL FLOAT

#2183312

Kick up those feet, lay back and relax on the Margaritaville PE Pool Float. This soft, comfortable foam float is designed for resting at water level so you can stay cool while catching some rays.

#### DETAILS

- SIZE: 86" X 24"
- SOFT AND COMFORTABLE
- LAYERED PE FOAM
- CAN LAY FLAT FOR EASY STORAGE
- DESIGNED FOR ONE PERSON

## MARGARITAVILLE WATER BUG

#2213236

The Margaritaville Water Bug brings a beachy vibe to donut style pool floats. Perfect for hot, sunny days at the pool, playtime at the lake, or for slowly drifting down a river, the Margaritaville Water Bug pool float is a sure bet for a good time.

- SIZE: 48" DIAMETER
- HEAVY GAUGE CONSTRUCTION
- DESIGNED FOR ONE PERSON

## MARGARITAVILLE EASY RIDER

#2213200

Relax on the water with the Margaritaville Easy Rider float! The fixed backrest and the mesh center section provide you with optimum comfort as you float around the swimming pool and enjoy being on the water. Don't forget your favorite beverage. There's a built-in drink holder so you can easily keep it close at hand.

- SIZE: 48" DIAMETER
- BLACK MESH BOTTOM
- HEAVY GAUGE CONSTRUCTION
- DRINK HOLDER
- DESIGNED FOR ONE PERSON

## MARGARITAVILLE SIT AND SIP

#2183238 (Red) #2193239 (Blue)

The Margaritaville Sit and Sip might be the perfect inflatable water chair. The Sit and Sip has a comfortable back and arm rests, an inflatable hammock-style seat, and most importantly access to a cup holder for keeping your favorite beverage close by.

- SIZE: 56" X 36"
- 2 SIDES EACH WITH CUP HOLDER
- HEAVY GAUGE CONSTRUCTION
- 3-WAY VALVE FOR QUICK INFLATION
- DESIGNED FOR ONE PERSON
- AVAILABLE IN BLUE OR RED

## MARGARITAVILLE

**5 O'CLOCK FLOAT**

#2193256 (Green) #2193258 (Blue)

The Margaritaville 5 O'Clock Float takes pool noodles to new levels. Its closed cell foam is non-abrasive, lightweight, very buoyant and flexible. Unlike a lot of other foam products on the market, the 5 O'Clock Float is resistant to cracking, peeling and flaking.

**DETAILS**

- SIZE: 46" X 4" X 1.75"
- CUSTOM MOLDED CLOSED CELL FOAM
- MARGARITAVILLE VERSIONS AVAILABLE IN BLUE OR GREEN
- LANDSHARK VERSION AVAILABLE IN YELLOW

## MARGARITAVILLE

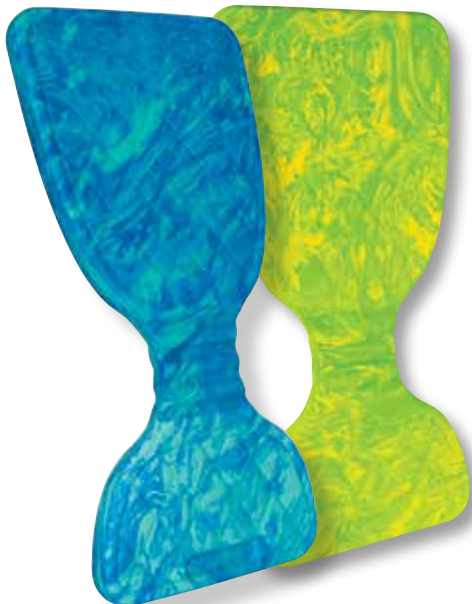

**5 O'CLOCK SADDLE**

#2193262 (Lime) #2193264 (Aqua)

Immerse yourself in the tropical waters of paradise while still being able to relax with a drink in your hand! The Margaritaville 5 O'Clock Saddle is the perfect floating foam seat. Its non-abrasive, closed cell foam construction is soft on the skin, and it won't crack, peel, or flake like vinyl dipped items.

**DETAILS**

- SIZE: 31.5" X 15.75" X 1.5"
- SOFT AND COMFORTABLE
- SOLID FOAM, NO VINYL COATING TO CRACK OR PEEL
- USE AS FLOAT OR A POOLSIDE CUSHION
- AVAILABLE IN AQUA OR LIME

MARGARITAVILLE

## PARROTHEAD
